COVID-19 Update

COVID-19 CDC COMMUNITY LEVELS

LOW COVID-19 COMMUNITY LEVEL

You should:

- Stay up to date with COVID-19 vaccines
- Get tested if you have symptoms

The illustration shows a woman with dark hair and a blue top, looking towards the viewer. To her right is a circular inset containing a white COVID-19 test kit box labeled 'COVID-19 Test' and a blue and white test tube.

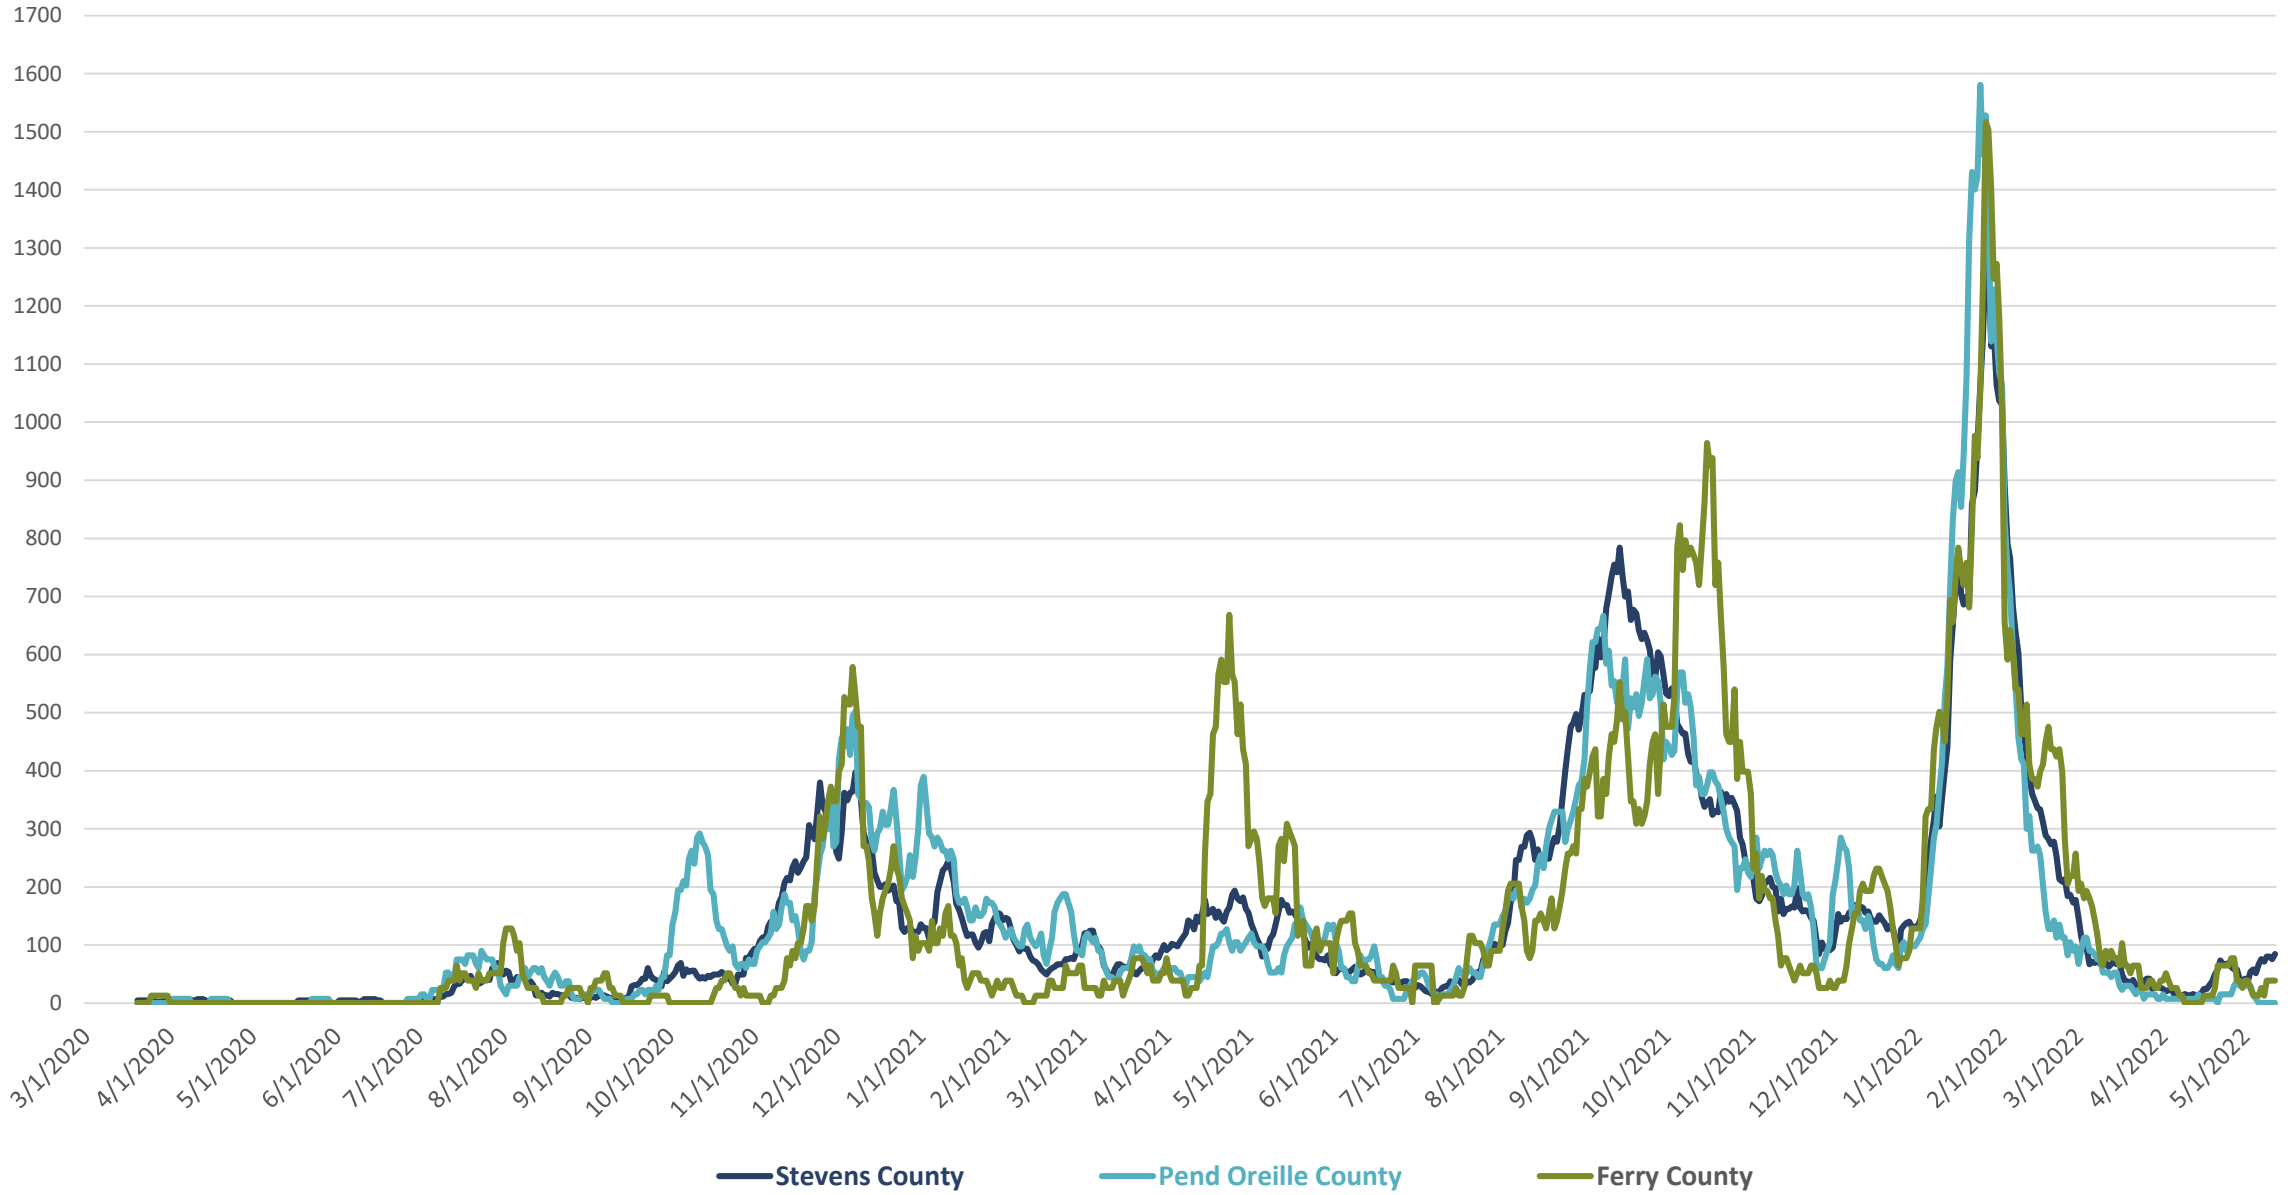

The CDC logo is located in the bottom left corner of the graphic, featuring the text 'DEPARTMENT OF HEALTH & HUMAN SERVICES' and 'cdc'.

cdc.gov/coronavirus

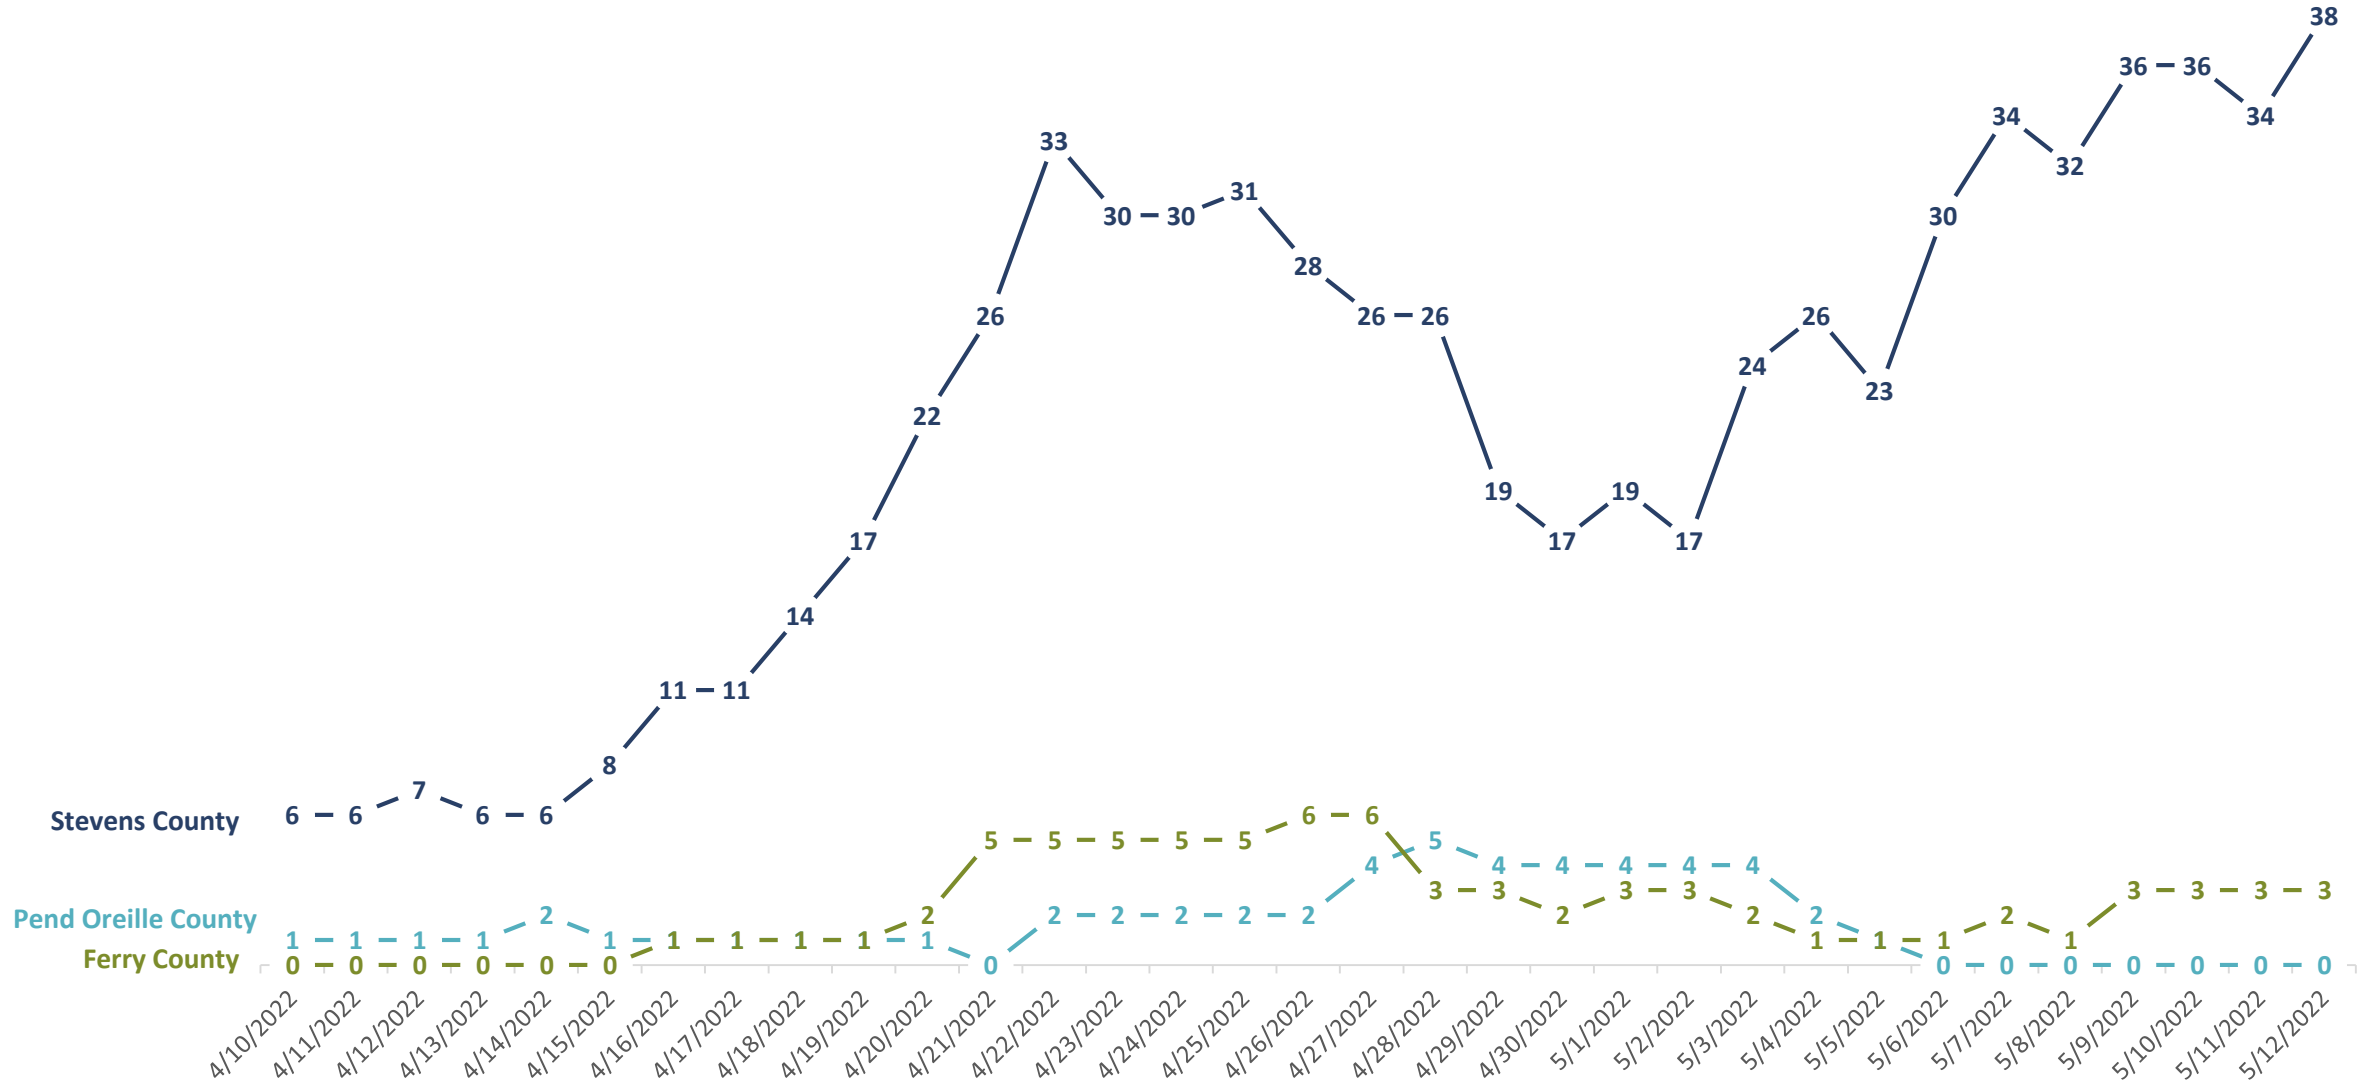

CS-129621-01 02/25/2022

CDC looks at the combination of three metrics — new COVID-19 admissions per 100,000 population in the past 7 days, the percent of staffed inpatient beds occupied by COVID-19 patients, and total new COVID-19 cases per 100,000 population in the past 7 days — to determine the COVID-19 community level.

COVID-19 CASES/100,000/7 DAYS PER COUNTY

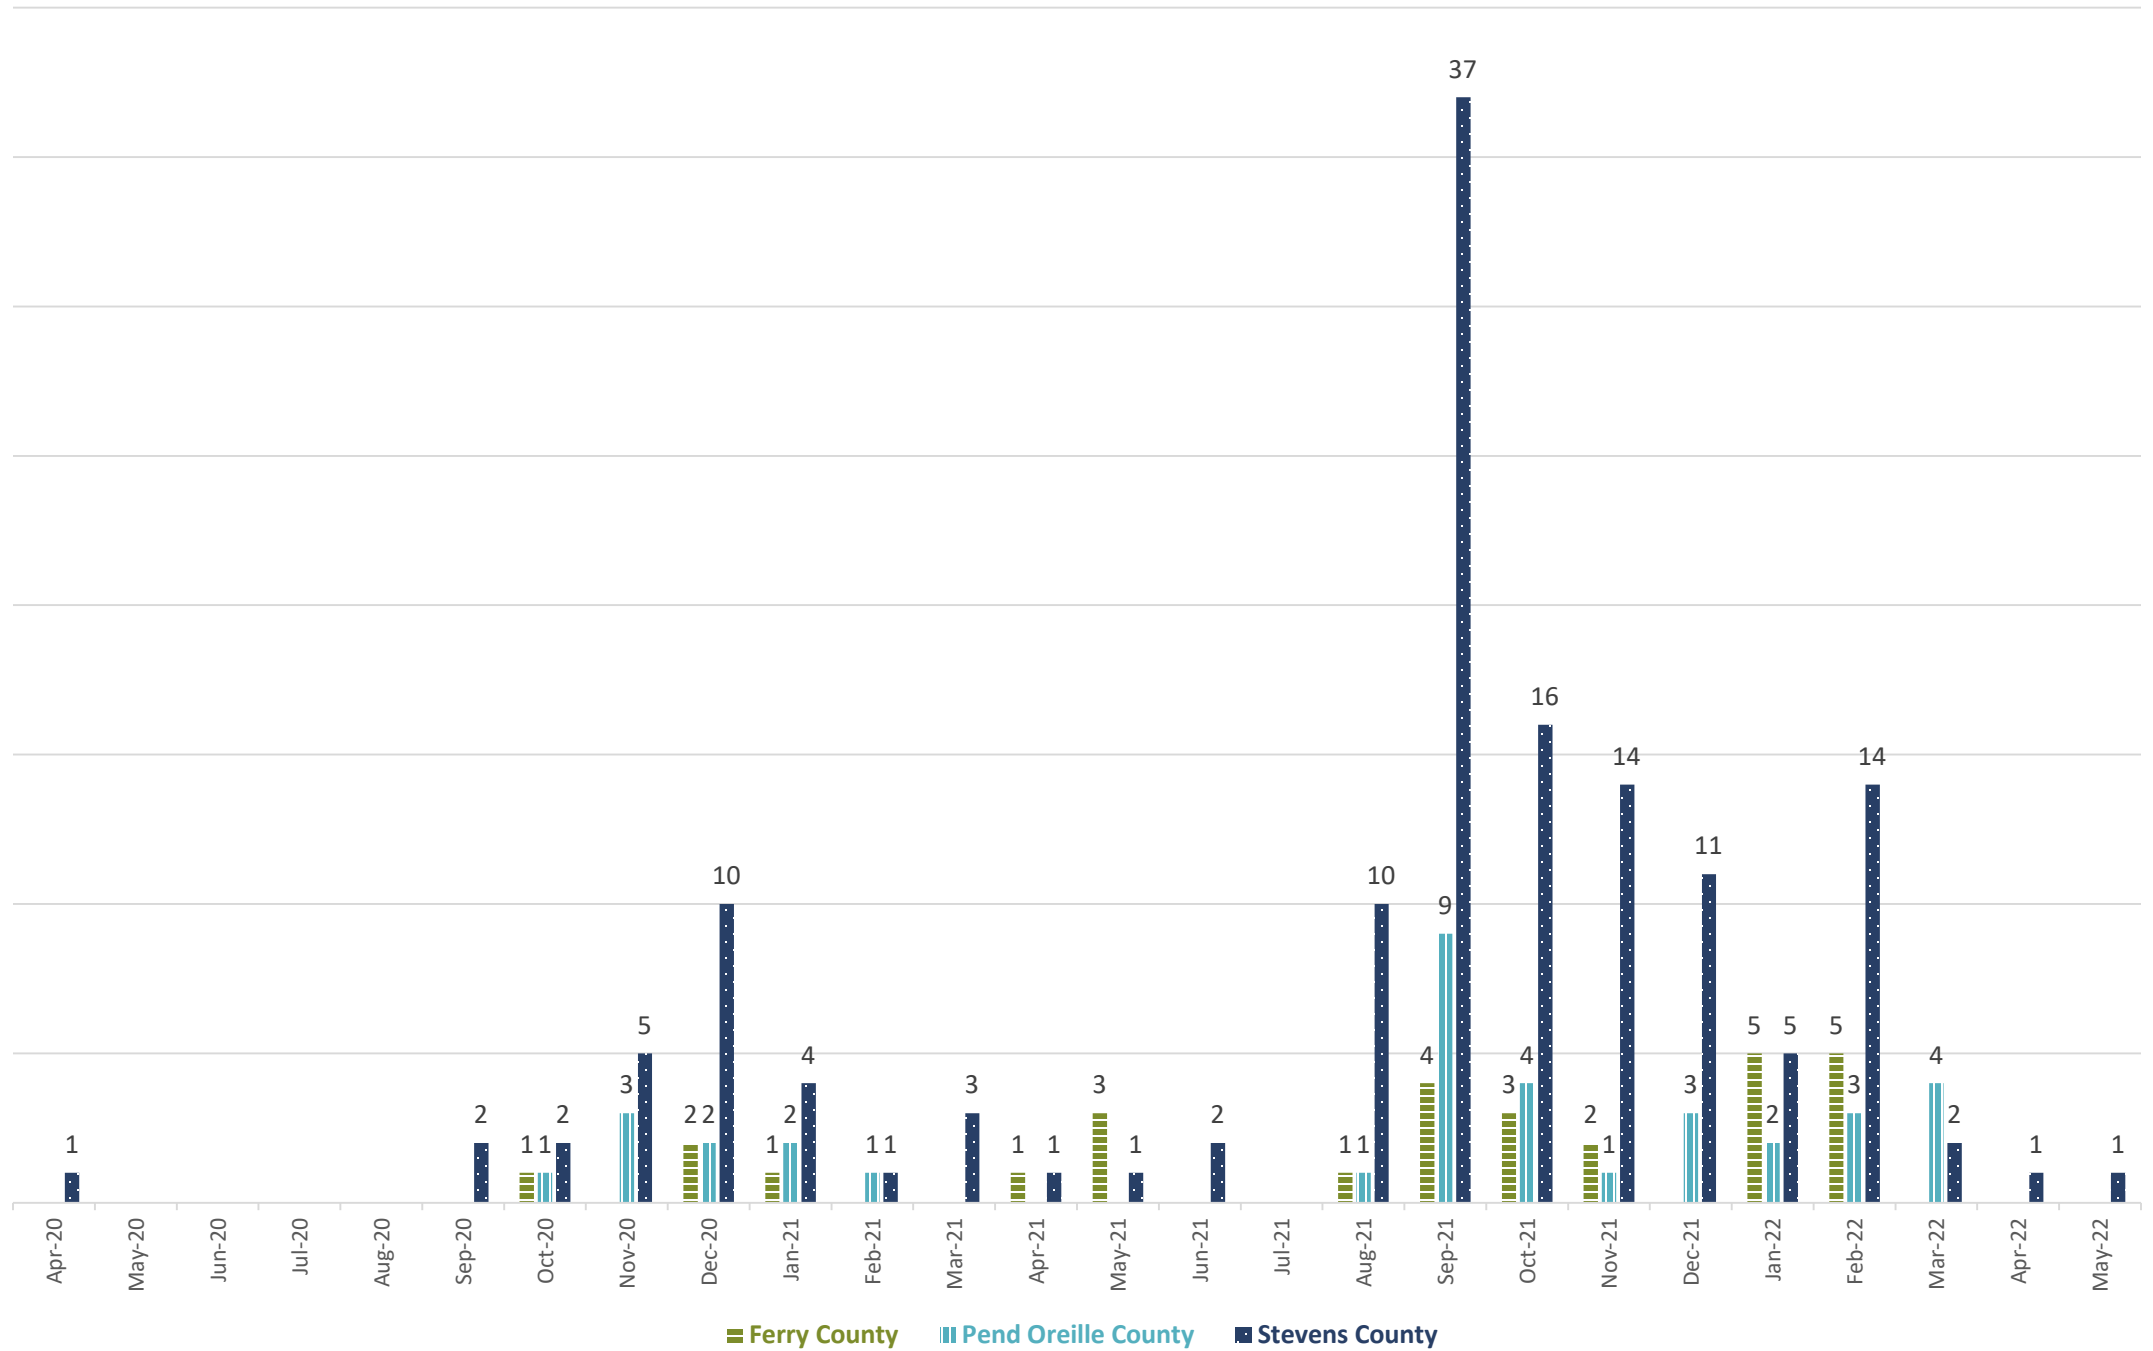

NUMBER OF NEW COVID-19 CASES IN LAST 7 DAYS (FOR THE LAST MONTH)

At-home positive COVID-19 test results reported to NETCHD are not included in new case counts. Due to reconciliation, numbers have been adjusted slightly to ensure accuracy.

TRI COUNTY COVID-19 DEATHS TO DATE

Vaccine Event

Wednesday, May 18

**NE Tri County Health District
Republic Office
147 N Clark
10 am - 2 pm**
