School Administration

Notification of positive COVID-19 in a visitor, student, employee

School compiles list of Close Contacts. School coordinates with NETCHD.

School or NETCHD notifies Close Contacts of potential COVID-19 exposure and provides “What to do if you were potentially exposed to someone with COVID-19” Those confirmed as close contacts are informed of 14-day quarantine requirement.

NETCHD conducts case investigation and requires individual to isolate through infective period.

Notification of student or employee tested for COVID-19

Individual isolates while awaiting test results. Follows “What to do if you have confirmed or suspected COVID-19”

Positive Test

Symptomatic and close contact: Considered probable case. Advise contacting healthcare provider regarding additional testing. Exclude until 24 hrs elapsed with no fever AND 10 days since symptom onset AND symptoms improve.

Symptomatic but no close contact: must stay in isolation until 24 hrs elapsed with no fever. Follow school policies/procedures for illnesses

Negative Test

No current symptoms and no close contact: Individual to return to school when 24 hrs elapsed with no fever.

No symptoms but close contact with COVID-19 confirmed case: Individual to quarantine for 14 days from date of last exposure.

Provide advice to be tested

If not tested, then Exclude until 24 hrs elapsed with no fever AND 10 days from symptom onset AND symptoms improve.

Clean and disinfect the area

Symptoms while at school. For student, call parent/guardian

Student or staff develop COVID-19 symptoms while at school. For student, call parent/guardian
