Resident / Owner Family Authorization

For sewage designs submitted to the Northeast Tri-County Health District and installation of on-site sewage systems, the definition of resident/owner will be expanded, as follows:
NETCHD will allow on-site sewage system design and installation by the property owner and/or the immediate family member. However, either the property owner or the immediate family member must be the occupant of the residence.
Immediate family member is defined as: parents, children, brothers, sisters, grandparents, grandchildren.
One of the following statements must be signed by the property owner and the immediate family member. This can be a separate document or part of the sewage system design.
